

California OES Weather Threat Briefing

Friday, November 27, 2020
9:00 AM PDT

- **Day 1 (Friday):** Critical fire weather conditions continue across southern California through this evening and tonight with strong winds and very low humidity.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

WEATHER KEY POINTS

11/27/20 - 12/03/20

Friday-Saturday

- Critical fire weather conditions continue across southwest California and also in the Lower Colorado River Valley through tonight, and even into Saturday for the Ventura and Los Angeles County mountains and the Santa Clarita and Ventura valleys
 - Santa Ana winds will gust to 50 mph, with very low humidity also expected
 - Strongest winds will occur through late morning today, with speeds slowly subsiding through tonight and Saturday morning
 - New fires could spread rapidly with these conditions

Sunday-Thursday

- Elevated fire weather conditions may linger across southwest California Sunday as winds remain a bit gusty, though not nearly as strong as those expected today
- Another round of stronger Santa Ana winds and elevated fire weather conditions is possible Tuesday and Wednesday across southern California
